Supply Chian Modernization for Himalaya Drugs

A modernized supply chain system enabled Himalaya to streamline Supply Chain operations and save approximately millions of dollars each season.

Customer Profile

Founded in 1930, when the herbal products were regarded with skepticism Himalaya's story began with discovery set the future course and 'brought the traditional Indian science of Ayurveda to society in a contemporary form'. Every year, 200 million Himalaya products enter the homes of consumers around the world. With a range of over 300 healthcare and personal care products including brands like Liv.52, Cystone, and Bonnisan, Himalaya touches the lives of millions of customers worldwide, giving them products that help them lead healthier, enriched lives.

Business Scenario

- Our customer needed to modernize its legacy warehouse management system in order to achieve supply chain efficiencies and to fulfill orders accurately.

- The challenges with the current system is its inability to integrate with inventory management and warehouse accounting systems, a lot of manual intervention - all these issues have to be addressed with the new system streamlining the orders processing and shipping of seasonal or event orders seamlessly from warehouse.

- Customer needed an off-the-shelf supply chain and logistics solution help them with fully automated processes accommodate the growing and evolving business requirements.
