

Cumulus – A knowledge Management System for Sharp

TalentPace entrusted Sharp's interest in Digital Information and developed a robust Knowledge Management system using multi-tenant architecture helped Sharp exploring new business portfolios successfully.

Customer Profile

Sharp is one of the world's oldest and leading Manufacturer of Digital Information, Health and Environment Equipment's, Energy Solutions, Business Solutions including Device Business of LCDs, Electronic Devices.

Business Scenario

- Sharp's interest in Digital Information was the origin of establishing a knowledge management enterprise providing wide range of educational resources.
- Sharp also wanted this application should enable both Web and Mobile users downloading and subscribing content with secured DRM processes.
- This application must be a B2B allowing Universities or institutions to organize and cater to the needs of their subscribed students with an array of categories.

Solution Delivered

- TalentPace had given an attractive proposition to develop the complete B2B solution using Joomla CMS, streamlining business processes as desired by Sharp.
- Designed and delivered sophisticated solution and helped Sharp achieving strategic business goal.
- Provided robust, scalable and secured architecture and developed the entire system in a quick turnaround time.
- Successfully countered the challenges with our well established delivery model, methodologies and end to end application development lifecycle as per the CMMI framework.
- Integrated with multiple third party technologies and applications and developed reliable solution.

Business Benefits

- Our solution Helped Sharp establishing new enterprise with great control in entire development within imposed cost constraints.
- Improved video management, streaming and site performance due to integration with Video Cloud features.
- Our solution helped to manage and share all enterprise information assets, including documents, policies and procedures as well as to provide secured access to key employees across the organization.
- Our Solution helped Sharp achieving fast and easy access to all types of information and emphasizes best transfer of knowledge to relevant people with centralized and single user interface across the global locations.

Technologies

- Joomla CMS
- HTML5/CSS3
- WebServices

True to their words TalentPace is an outcome selling company. Their ability in delivering results consistently and willingness to go to the extra mile helped us successfully meeting the delivery deadlines. The partnership has significantly benefited us in many of our strategic initiatives of Sharp. Many thanks to TalentPace team and we wish to work with them in future.
